ORDER

IT IS ORDERED that Columbia Gas of Kentucky, Inc., ("Columbia") shall file an original and seven copies of the following information with the Commission within 2 weeks from the date of this Order. If the information requested or a motion for an extension of time is not filed by the stated date, the Commission may dismiss the case without prejudice.

1. Provide complete sample filings based on historical data for semi-annual adjustments as would have been filed for the past three years.

2. What does Columbia consider a major rate change that would necessitate filing between the semi-annual adjustments?

3. Did Columbia consider quarterly filings that would eliminate the possible need for additional filings?

4. Why has Columbia proposed a rate design that shows a certain amount of gas cost in the base rate? Did Columbia consider showing all gas cost in the gas cost recovery rate?

5. Provide sample calculations to show how Columbia will determine the projected customer sales used in the refund, actual and balance adjustments.
